Profile

I'm a BIS Multimedia student at the University of Pretoria with a strong Coding foundation. I'm passionate about front-end development and UX/UI design, and enjoy creating intuitive, user-friendly digital experiences. I'm eager to apply my full stack skills to build clean, responsive, and impactful applications.

Job Experience

- Student Vacation Work (Jan 2026 - Jan 2026) - Worked with team to build a module based learning platformed. Led styling and theme design and built a responsive and user friendly interface.
- Teaching assistant (Feb 2025 - July 2025) - Worked as a teaching assistant for a Computer science module, assisting first year's students with the foundation of programing, assignments and practicals.
- Mentor for Joint Community-Based Project (Feb 2025 - Nov 2025) - Guided and supported a group of 50 second-year students through the module, developing strong leadership, communication, and teamwork skills.

Volunteering

Mentored high school students through the keep that gold shining NPC (KTG) mentorship program, providing guidance and support to foster their professional development.
